KATJA VAN LEEUWEN - RIDING HOLIDAY AGENCY

# OUR SERVICES

*"From riders - for riders"*

How about if we not only arrange guests for you, but also take over the time-consuming and consultation-intensive process before customer booking, fill free capacities and book trips?

"Katja van Leeuwen - Reitferienvermittlung" is an online travel company that has specialized in arranging horse and donkey holidays throughout Europe since 1993.

Who  
we  
are

## Why our company exists

- The relationship between humans and animals is something very valuable and priceless. A horse reflects the behavior of a human being and definitely means an adventure that you have to consciously embark on. This requires curiosity, openness, consideration, appreciation, courage, trust and a willingness to learn.
- We would like to provide valuable experiences and encounters with animals in nature.

## What the company stands for

- Our trips are particularly characterized by an intensive experience and/or recreational value as well as by environmentally friendly and socially responsible aspects.
- Our ambition is that the customer is provided with the right trip, the right quality, in the right place, at the right price.
- We enjoy our work - especially the contact with customers.

## Our values

- Commitment, fairness, helpfulness, pleasant communication
